

Default storage efficiency (deduplication) policy not working with daily time schedule

https://kb.netapp.com/Advice_and_Troubleshooting/Data_Storage_Software/ONTAP_OS/Default_stora...

Updated: Tue, 20 Jul 2021 07:27:11 GMT

Applies to

- Clustered Data ONTAP 8.3
- ONTAP 9+
- Volumes using the default volume efficiency policy

Issue

[Check Active IQ if this impacts your systems](#)

The default volume efficiency policy does not run with the automatically created daily schedule that should

run at 12:10 A.M.

There is no logging that shows the volume efficiency jobs starting. No errors are logged.
