

System unable to boot due to waiting for reservations to clear

https://kb.netapp.com/on-prem/ontap/OHW/OHW-KBs/System_unable_to_boot_due_to_waiting_for_re...

Updated: Sun, 05 Apr 2026 12:18:26 GMT

Applies to

- ONTAP 9

Issue

- system relocate one place to another place one node unable to boot.
- The process stops with:

`Waiting for reservations to clear`

- HA interconnect links are up:

```
::> set advanced
::*> system ha interconnect status show
      Node: node_name
      Link 0 Status: up
      Link 1 Status: up
      Is Link 0 Active: true
      Is Link 1 Active: true
      IC RDMA Connection: down

Error: show failed: RPC: Couldn't make connection [from mgwd on node"node_
```
