

## Cluster switch log collection shows switch dump log error with SCP enabled on switch

[https://kb.netapp.com/on-prem/Switches/Cisco-KBs/Cluster\\_switch\\_log\\_collection\\_shows\\_switch\\_dum...](https://kb.netapp.com/on-prem/Switches/Cisco-KBs/Cluster_switch_log_collection_shows_switch_dum...)

Updated: Sun, 05 Apr 2026 12:50:02 GMT

### Applies to

- ONTAP 9
- Cisco switch

### Issue

- Cluster switch log collection fails with the following error on one or more switches:

```
cluster::*> system switch ethernet log show
```

```
Log Collection Enabled: true
```

Index	Switch	Log Timestamp	Status
-------	--------	---------------	--------

1	switch_1 (XXXXXXXXXXXX)	-	switch dump log error
---	-------------------------	---	-----------------------

2	switch_2 (XXXXXXXXXXXX)	3/24/2025 11:31:15	complete
---	-------------------------	--------------------	----------

2 entries were displayed.

- SCP is enabled on the switches, which can be checked with the following commands:

```
switch# configure terminal
switch(config)#
switch(config)# show feature | include scpServer
```
