

When will the result of system health status show become degraded?

https://kb.netapp.com/on-prem/ontap/OHW/OHW-KBs/When_will_the_result_of_system_health_status...

Updated: Sun, 05 Apr 2026 17:03:02 GMT

Applies to

- ONTAP 9
- The result of `Cluster::>system health status show become degraded`

Answer

- When there are any system health alert remained and detected by ONTAP, the result of `Cluster::>system health status show become degraded`

Additional Information

The system health alert can be checked with following command:

```
Cluster::>system health alert show
```
