## CONTAP-562251: S3A access failure to ONTAP S3 - request from S3 browser is success

<https://kb.netapp.com/on-prem/ontap/da/S3/S3-Issues/CONTAP-562251>

Updated: Sun, 05 Apr 2026 20:07:05 GMT

### Issue

Apache spark S3A access fails to ONTAP S3 when a space is seen in the parquet location: between EEG and L  
No issue when connecting to the same location with S3 browser.
