

AIQUM Not Sending Performance Thresholds breach alerts for Node CPU or Volume Latency

https://kb.netapp.com/data-mgmt/AIQUM/AIQUM_Kbs/AIQUM_Not_Sending_Performance_Thresholds...

Updated: Sat, 04 Apr 2026 20:45:19 GMT

Applies to

- Active IQ Unified Manager (AIQUM) 9.x
- Data ONTAP 9.x

Issue

Newly configured performance threshold alerts (Node CPU Utilization, Volume Latency) in AIQUM were not being received, even though:

- Test alert emails were successfully received
- Alerts for other (in-built) events were working
