

Can an existing aggregate be expanded with large HDDs after being converted from RAID-DP to RAID-TEC

https://kb.netapp.com/on-prem/ontap/OHW/OHW-KBs/Can_an_existing_aggregate_be_expanded_with...

Updated: Sun, 05 Apr 2026 14:39:58 GMT

Applies to

FAS2820
DS212C
X397(22TB)

Answer

Yes. RAID-TEC is recommended if the size of the disks are greater than 4 TiB
Consult with the SE team or use the Fusion tool for detailed information

Additional Information

Convert from ONTAP RAID-DP to RAID-TEC

What is Fusion

Who can access the Fusion Tool
