## Inconsistent volumes prevent deletion of SVM-DR destination

[https://kb.netapp.com/on-prem/ontap/DP/SnapMirror/SnapMirror-KBs/Inconsistent\\_volumes\\_prevent\\_d...](https://kb.netapp.com/on-prem/ontap/DP/SnapMirror/SnapMirror-KBs/Inconsistent_volumes_prevent_d...)

Updated: Sat, 04 Apr 2026 21:52:18 GMT

### Applies to

Ontap 9

### Issue

Snapmirror delete fails silently for SVM-DR relationship

Last transfer error may indicate the following message:

```
Unhealthy Reason: "State of volume is currently unavailable. Wait a few minutes, and then try the command again. If the error persists, contact technical support for assistance."
```
