

CDEPLOY-4667: ONTAP Deploy upgrade to 9.18GA fails with Error - No Space left on the device

<https://kb.netapp.com/on-prem/ontap/ontap-select/Select-Issues/CDEPLOY-4667>

Updated: Sat, 04 Apr 2026 17:48:14 GMT

Issue

- The customer is unable to upgrade ONTAP Select Deploy to 9.18 GA.
- The upgrade consistently fails when extracting the upgrade package

```
Error[400]: UpgradeUntarErr - Failed to extract "/home/admin/SelectDeploy_9181_UPGRADE.tar.gz". Reason: [Errno 28] No space left on device.
```

- There is sufficient free disk space available on the root partition.
