### Applies to

- OnCommand Unified Manager (UM) 6.4
- OnCommand Unified Manager (UM) 7.0
- OnCommand Unified Manager (UM) 7.1

### Issue

In the Unified Manager dashboard, the '**Gear Menu**' for one or more clusters is non-functional. Click on the **Gear Menu > Edit > Rediscover** and **Remove** options are available.

There is no response on clicking on any of the options.
