

## 7MTT MetroCluster Precheck Error 88020: Details error 16035 "admin password not set"

[https://kb.netapp.com/Advice\\_and\\_Troubleshooting/Data\\_Storage\\_Software/ONTAP\\_OS/7MTT\\_Metro...](https://kb.netapp.com/Advice_and_Troubleshooting/Data_Storage_Software/ONTAP_OS/7MTT_Metro...)

Updated: Tue, 10 Aug 2021 01:35:18 GMT

### Applies to

- 7-Mode Transition Tool (7MTT)
- Clustered Data ONTAP

### Issue

- 7MTT MetroCluster Precheck fails with error 88020:

Failed to check whether the target cluster is part of MetroCluster configuration because 7-Mode Transition Tool failed to retrieve the storage

system information from the target cluster. Rerun the operation. If issue persists, contact technical support.

- Error code 16035 is also seen under **"Failure Details"** section:

The admin password is not set. Use the "security login password" command to set the password, then try the command again.
